

INTERNATIONAL RESIDENCE FOR YOUNG TALENT

HIGH PERFORMANCE TRAINING & DEVELOPMENT COURSE

The Academy's high performance program is one of the most important and unique projects that we are offering young international football students from around the world, who have a desire to develop their football talent to the necessary intensity and advance enough for possible selection to the professional clubs, its Academy or their Center of Excellence. To help us achieve this we have partnered and formed close links with professional clubs, their official scouts and agencies in England, Spain and other European countries.

TRAINING & DEVELOPMENT

The program focuses on all aspects of the student's development, technical skill, reading the game tactically, positioning speed of thought and action, mental skills and fitness.

We incorporate team training, one-to-one coaching, video match footage to identify areas that need development in the student's performance and offer opportunities to showcase his talent in front of scouts, managers and coaches.

WE INCORPORATE TEAM TRAINING

The Academy coaches will monitor the student's progress providing advice on what we believe is attainable for him as a footballer and analyze his ability from video match footage, which also be use to market him to clubs applicable to his level. Specialist attention will be given to the key areas that need to be addressed and to identify areas that need development in the student's performance.

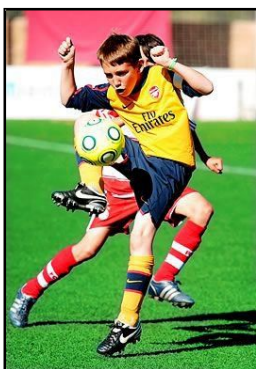

ONE-ON-ONE

One to one training sessions from the coach will provide advice, guidance and motivation. He will encourage and work with in developing the required attitude and skills, so that student will develop the strength to push himself to the peak of his ability both physically and mentally.
